Underwritten by an "A rated" insurance company, our exclusive program is written on a very comprehensive "All Risk Agreed Value" policy form. Most importantly, the Mariners Odyssey® policy can be tailored to suit your individual needs including the ability to broaden your navigation limits worldwide (subject to underwriting criteria and certain restrictions).

The Mariners Odyssey® Advantage:

YOUR *unique* YACHT DESERVES THE *flexibility* OF ...

Modern yachts come in many sizes and with countless options. Whereas some are docked in the same slip year after year, other yachts cruise the world's waters in search of adventure; many others are transported over sea and over land to different ports to serve as a vacation base. Yachts today are equipped with highly sophisticated systems and equipment. Seldom are any two yachts alike - either in appearance or in usage.

Unfortunately, many insurance programs cover only certain geographic areas, specific hull values with fixed deductibles, forcing yacht owners to settle for less than ideal policy. Mariners developed the Mariners Odyssey® program to provide yacht owners with greater flexibility in their coverages and navigation limits, creating a unique plan to cover each unique situation.
