

Mariners Odyssey® Program

Mariners General Insurance Group is directly appointed with more yacht insurers than any other marine specialist. This enables us to provide prospective clients with the best proposals from top A-rated companies, giving our clients options and choices to match their specific needs with the right insurer at the right price.

In August of 2007, we launched the Mariners Odyssey® Insurance Program. It provides our clients even greater options. Coverage provided by "A" rated companies, our program provides a broader range of coverages and navigation limits. Unlike most yacht insurance programs, the Mariners Odyssey® policy is underwritten, issued and administered by us; providing you with the highest level of service available.
